**Colusa County Community Development Department
Announces Wildfire Risk and Mitigation Community Meetings**

Residents Encouraged to Participate and Provide Input

(COLUSA, CA) February 7, 2024 – In January 2023, the County of Colusa was awarded a 2022 California Department of Forestry and Fire Protection (CAL FIRE) County Coordinator Grant from the California Fire Safe Council (CFSC). The County Coordinator Grant was awarded to educate, encourage, and develop countywide collaboration and coordination among various wildfire mitigation groups operating within Colusa County.

The County has partnered with the Colusa County Resource Conservation District and the Colusa County Fire Chiefs Association in hosting a series of Wildfire Risk and Mitigation Community Meetings to better understand community needs around wildfire risk and mitigation. Colusa County residents are encouraged to attend and participate in an upcoming meeting. Following the meetings the County Community Development Department, the Colusa County Resource Conservation District, and the Colusa County Fire Chiefs Association will review findings and community feedback and begin to develop projects and a community engagement strategy, and explore the establishment of a local Fire Safe Council.
