NEWS BRIEF: Colusa County Public Health Provides Back-to-School Vaccinations

Colusa County Public Health works with local schools to assist students who are missing school required immunizations. If your child is missing immunizations required for Kindergarten through High School, call Colusa County Public Health at (530) 458-0380 (option 6) for more information or to make an appointment.

While Colusa County Public Health assists with providing school required vaccinations (grades K-12), it is important that children continue to see their Healthcare Providers for well-child visits.
