PERFORMANCE AUDIT OF THE COLUSA COUNTY TRANSIT AGENCY

Triennial Performance Audit

For the Three Years Ended June 30, 2023

EXECUTIVE SUMMARY

CLA was retained by Colusa County Transit Agency (CCTA) to conduct a performance audit for the Fiscal Years (FY) ending June 30, 2021, 2022, and 2023.

This performance audit is intended to evaluate CCTA's effectiveness and efficiency in its use of the TDA funds received to provide public transit services. To gather information for the TDA performance audit, CLA conducted interviews with agency staff, reviewed various documents, and evaluated CCTA's responsibilities, functions, and performance of the TDA guidelines and regulations.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on the audit objectives.

We concluded that of the nine applicable compliance requirements, CCTA fully complied with seven of the requirements. Two additional requirements did not apply to CCTA. We reported two instances of noncompliance which is described in Section II of this report. We provided two recommendations to improve CCTA's administration and management relating to the TDA. Each recommendation is described in detail in Section III of this report.

The details on our findings and recommendations are included in the accompanying report. We provided a draft of this report to CCTA on July 10, 2024 and is not intended to be and should not be used by anyone other than management.

OTHER MATTERS

Our audit did not include an assessment of the sufficiency of internal control over CCTA's compliance with the California Department of Transportation Performance Audit Guidelines, or other matters not specifically outlined in the enclosed report. CLA cautions that projecting the results of our performance audit to future periods is subject to the risks that conditions may materially change from their current status. The information included in this report was obtained from CCTA on or before July 10, 2024. We have no obligation to update our report or to revise the information contained herein to reflect events and transactions occurring subsequent to July 10, 2024.

PERFORMANCE AUDIT OF THE COLUSA COUNTY TRANSIT AGENCY
Triennial Performance Audit
For the Three Years Ended June 30, 2023

SECTION I - INTRODUCTION

California's Transportation Development Act (TDA) requires that a triennial performance audit be conducted of public transit entities that receive TDA revenues. The performance audit serves to ensure accountability in the use of public transportation revenue.

The Colusa County Local Transportation Commission (CCLTC) has retained the firm of CLA to conduct a performance audit of the Colusa County Transit Agency (CCTA) covering the most recent triennial period, Fiscal Years 2020-21 through 2022-23. The purpose of the performance audit is to evaluate CCTA's effectiveness and efficiency in its use of TDA funds to provide public transit in its designated service area. This is required as a condition for continued receipt of these funds for public transportation purposes. In addition, the audit evaluates CCTA's compliance with the conditions stipulated in the California Public Utilities Code (CPUC). This task involves ascertaining whether CCTA is meeting the CPUC's reporting requirements and that it is endeavoring to implement prior performance audit recommendations made to the agency. Moreover, the audit includes calculations of transit service performance indicators and a detailed review of the agency's departments and organizational functioning. From the analysis that has been undertaken, a set of recommendations has been made for the agency, which is intended to improve the performance of transit operations.

The methodology for the audit included in-person interviews with transit management, collection and review of agency documents and data analysis. The Performance Audit Guidebook for Transit Operators and Regional Transportation Planning Entities, published by the California Department of Transportation (Caltrans), was used to guide the development and direction of the audit.

Colusa County Transit Agency operates a Dial-A-Ride service with fixed timed routes. The Agency provides curb-to-curb service for the general public and door-to-door service for ADA passengers. The Agency provides services to the people of Colusa County within and around the cities of Colusa, Maxwell, Arbuckle, Williams, Princeton, Stonyford, Sites and Grimes. Services to other areas are provided on a limited basis. The Agency receives funding from the Area Agency on Aging to provide paratransit services to the elderly.

The transit service utilizes a fleet of 9 transit buses, 1 medical transport car, 1 medical transport van, 1 shop truck and 1 administration vehicle. All buses and the van are compliant with the requirements of the Americans With Disabilities Act (ADA) by being equipped with wheelchair lifts.

SECTION II - AUDIT RESULTS

Results of Compliance Review

This section of the audit report contains the analysis of the CCTA's ability to comply with State requirements for continued receipt of TDA funds. The evaluation uses the guidebook, "Performance Audit Guidebook for Transit Operators and Regional Transportation Planning Entities", which was developed by Caltrans to assess transit operators. The guidebook contains a checklist of eleven measures taken from relevant sections of the CPUC and the California Code of Regulations (CCR). Of the eleven compliance measures, nine are applicable to CCTA. Each of these requirements is discussed in the table below, including a description of the Agency's efforts to comply with the requirements. In addition, the findings from the compliance review are described in the text following the table.

PERFORMANCE AUDIT OF THE COLUSA COUNTY TRANSIT AGENCY

Triennial Performance Audit For the Three Years Ended June 30, 2023

Results of the Verification of Performance Audit Indicators

This section reviews CCTA's performance in providing transit service to the community in an efficient and effective manner. TDA requires that at least five specific performance indicators be reported, which are contained in the following table. Farebox recovery ratio is not one of the five specific indicators, but is a requirement for continued TDA funding. Therefore, farebox calculation is also included. Findings from the analysis are contained in the section following the table.

CCTA Systemwide Performance Indicators

Performance Data and Indicators*	FY 2021	FY 2022	FY 2023

**Employee FTE's are calculated by dividing the number of person hours by 2,080.

***Systemwide farebox recovery taken from Annual Financial Audit which reflects TDA cost exclusions and revenue adjustments.

An overview of the performance indicators reflects an environment where general operating costs like fuel, insurance and wages and benefits continue to increase at a relatively quick pace. Also, operating costs have grown while fare revenues have declined. In addition, the trend with faster growth in operating cost relative to fares causes the farebox ratio to decrease. Trends in other performance indicators like the increase in operating costs per passenger and costs per vehicle service hour may be reflective of the challenges of providing transit services over a mostly rural geographic area.

PERFORMANCE AUDIT OF THE COLUSA COUNTY TRANSIT AGENCY

Triennial Performance Audit For the Three Years Ended June 30, 2023

Results of the Detailed Functional Review of the Transit Operator

This section provides an in-depth review of various functions within the CCTA. The review highlights accomplishments, issues and/or challenges that were determined during the audit period. The following functions were reviewed at CCTA:

- General Management and Organization
- Service Planning
- Scheduling, Dispatch, and Operations
- Personnel Management and Training
- Administration
- Marketing and Public Information
- Maintenance

A. General Management and Organization

The Transit Manager receives and reviews financial reports monthly and route logs daily. The route logs are completed daily by the drivers and include number of passengers, employee hours, vehicle service hours, vehicle service miles, and drivers vehicle inspection. The Transit Manager communicates with employees as needed and takes appropriate action with respect to problem areas.

B. Service Planning

The Transit Manager analyzes where service is needed and works to improve existing service. CCTA has not set any goals or objectives and has not developed any strategic plans or short range plans other than the goals set in the Regional Transportation Plan. The Transit Manager reviews the passenger counts on the daily route logs. CCTA has not developed a policy for minimum ridership levels. CCTA serves the elderly, handicapped, and general public of Colusa County. 100% of revenue vehicles are handicapped accessible. Dial-a-ride service and medical transport services are offered to those with special needs.

CCTA is governed by the Colusa County Local Transportation Commission. All meetings are open to the public and the board authorizes fare increases. The Board of Commissioners holds public hearings to approve route changes prior to the changes taking effect. Route changes are made by the Commissioners and Transit Manager.

Ongoing surveys of riders on the Yuba City route are conducted. In addition, CCTA conducts surveys of riders using the medical transport service and senior nutrition center riders as well as surveys on the general public.

C. Scheduling, Dispatch, and Operations

CCTA is a small organization with one Transit Manager, an Operations Supervisor, a lead Transit Specialist, a mechanic, and six full-time drivers. Drivers are assigned to routes by the Operations Supervisor. CCTA follows all Colusa County policies regarding payroll and benefits.

PERFORMANCE AUDIT OF THE COLUSA COUNTY TRANSIT AGENCY

Triennial Performance Audit For the Three Years Ended June 30, 2023

Results of the Detailed Functional Review of the Transit Operator (Continued)

C. Scheduling, Dispatch, and Operations (Continued)

Advance reservations are accepted by the transit office and logged on the daily route sheets. The Operations Supervisor reviews the daily route sheets when scheduling to ensure that an appropriate vehicle and driver are assigned the route for the day.

D. Personnel Management and Training

Any new employees receive training when hired and current employees receive training updates periodically which meets state requirements and includes safety training. CCTA has a low turnover rate, the full time employees have been with CCTA for several years.

All vehicles are equipped with appropriate safety equipment. CCTA follows all Colusa County policies. Full time employees receive all benefits offered by Colusa County.

E. Administration

The Transit Manager works with the Colusa County Auditor Controller to develop a budget each year. Any expenses in excess of budgeted amounts require a budget revision approved by the Board of Commissioners prior to payment of the expense.

Grant applications are completed by the Transit Manager on behalf of the CCTA. CCTA is included under the County's self-insurance programs. Facilities management functions are performed by CCTA. General accounting functions and payment of accounts payable are performed by the Colusa County Auditor Controller's office. All invoices are prepared and approved for payment by the Transit Manager before payment by the County Auditor Controller's office. CCTA is a small organization and does not have an internal audit function.

At the end of each working day, each driver stops in front of the office area and advises the dispatcher by code that it is time to remove the farebox from the vehicle. The driver does not announce over the radio that they are ready to have their farebox emptied.

The dispatcher and driver are both present for the removal of the farebox from the farebox holder in the vehicle. The contents of the farebox are placed into a bag marked with the vehicle number. In the event the farebox needs to be emptied during the day and there are passengers on board, the farebox is taken into the dispatch office where both the dispatcher and driver are present while the farebox is emptied of all cash into a bag provided for that vehicle.

PERFORMANCE AUDIT OF THE COLUSA COUNTY TRANSIT AGENCY

Results of the Detailed Functional Review of the Transit Operator (Continued)

E. Administration (Continued)

Each bag is sealed in the presence of both the dispatcher and driver. The bag is then placed into the safe in the Transit Manager's office. After the last vehicle's farebox has been changed and the bag is placed into the safe, the Transit Manager removes the bag from the safe, totals all fare revenue, prepares the cash receipt, and submits the bag of fare revenue to the County's Treasurer's office while the Lead Specialist records the transactions. The County Treasurer counts the receipts and deposits with the bank according to County policies & procedures. The receipts are then invested in accordance with County's investment policies at the Treasurer's office.

Payroll is processed by the Colusa County Auditor Controller's office. Employees complete timesheets which are reviewed and approved by the Transit Manager and submitted to the payroll clerk for payment.

F. Marketing and Public Information

Route schedules are available at the Transit office, in the bus, and online at www.countyofcolusa.com. CCTA has not had any advertising campaigns during the audit period. All complaints are directed to the Transit Manager for response. The Transit Manager informs the Board of complaints as necessary and also requests the assistance of the Colusa County Counsel when needed.

G. Maintenance

Maintenance services are provided by the Agency. Any vehicle needing service that the Agency mechanic cannot perform is sent out for service at the direction of the Transit Manager. All vehicles have a preventative maintenance schedule which is monitored by the drivers and the Transit Manager. The preventative maintenance schedules have been developed by the Agency mechanic in accordance with the manufacturer's and CHP specifications. When maintenance is needed the Operations Supervisor schedules the service with the Agency mechanic to minimize the impact on service. The drivers, Transit Manager and Agency mechanic work together in determining if a vehicle is unsafe and needs to be removed from service. Parts are ordered from a local facility, so stock is kept low.

CONCLUSIONS

The following summarizes the major conclusions obtained from this Triennial Performance Audit covering the years 2021 through 2023:

1. Of the nine applicable compliance requirements, the operator fully complied with seven, partially complied with one, and did not comply with one requirement. Two additional requirements did not apply to CCTA (e.g., blended and urbanized farebox recovery ratio).
2. CCTA did not submit its annual fiscal and compliance audits to its RTPE and to the State Controller within 180 days following the end of the fiscal year (Dec. 27), or by the 90 day extension allowed by law, for all three fiscal years.
3. CCTA's farebox recovery ratio remained above the required 10 percent standard for a rural operator for FY 2022 and FY 2023 but not for FY 2021.
4. CCTA participates in the CHP Transit Operator Compliance Program and received vehicle inspections within the 13 months prior to each TDA claim. Satisfactory ratings were made for all inspections conducted during the audit period.
5. CCTA has not implemented the recommendations from the prior performance audit.
